CLUB

Who We Are

The Mount Vernon Miniature Schnauzer Club (MVMSC) is the local chapter of the American Miniature Schnauzer Club serving Maryland, DC and Northern Virginia. MVMSC is chartered by the American Kennel Club. We are an organization dedicated to pure-bred Miniature Schnauzers. The Club was founded in 1953 with the goal of promoting responsible pet ownership, breeder education, training and participation in dog shows, rallies, obedience trials and other AKC events. We do this through a variety of activities that are fun for members and their dogs. In addition, the Club welcomes dogs at most meetings to promote their socialization.

Meetings

We hold meetings at least 7 times a year, usually on the second Saturday of the month. Some meetings are outdoors and include special activities for the dogs, such as games and training. Other meetings are held indoors and have speakers on educational topics. Some meetings include potluck luncheons.

Specialty Show

The Club sponsors an AKC-Sanctioned Specialty Conformation Show that attracts a broad range of Miniature Schnauzer professionals, breeders, handlers, owners, and pet lovers from all over the East Coast. The show is held in October and includes a luncheon for members and participants.

Education

In addition to programs on grooming, health, nutrition, etc., for our members, we have information tables at dog shows to provide the public with information about the breed and to distribute publications.

The Mount Vernon Miniature Schnauzer Club publishes a "Guide to the Miniature Schnauzer" that covers General Care, Health, Grooming, Nutrition, and Training. In addition, the Club publishes a bi-monthly newsletter -- "Beard and Brows" to keep members up-to-date on issues of importance to the Club and the breed.
